Dear Customer,

You will handle choppy markets, fluctuating prices and tough terms of business more calculable?

The difficult improving the planning ability for raw material prices for example guided us to the development of ready mixes*.

This means benefits for you, like these:

- ➔ You get a price for the complete mix and do not depend on the fluctuating prices for raw material concerning your calculation
- ➔ PRODUCO is able to develop a ready mix according your special requirements
- ➔ You economize the order transaction of the raw materials and save the carriage
- ➔ You receive the complete required quantity
- ➔ We assure a constant quality (first OE release took place)
- ➔ You have a save supply with material

Leverage the benefits of our ready mix* from low-cost to medium and high-quality product, for these standards:

- PC disc brake pads & PC drum brake linings
- CV disc brake pads & CV drum brake blocks

This is just one sample of our ambition to be your reliable and strong partner in friction material business.

Our independency will help to realize your requirements fast and consequently.

Please let us act jointly to cope with the future challenges and effect a successful coming year.

A merry Christmas to you and your loved ones and a peaceful, happy and successful New Year.

With season greetings and very best wishes,
PRODUCO GmbH
